Yes, the letter follows up the 02/13/17 2 hour conference call with Angeles Herrera, and Harry Ball who were in Nevada that day. I WAS called in at last minute not knowing what was going on.

She has been going directly to our Chairman instead of the process of me arranging the contacts. PUT also sending letter and ccng others.

Neither Ginny nor I contacted.

Is this a new directive from EPA to overlook our roles?

Council is questioning that and the consultation protocol.

Cynthia
